 Do you have Alzheimer's disease  Yes  No Memory problems  Yes  No

This is a confidential document, it is like going to confession with your minister, no one can get this information without your permission, not even the authorities.

**When you enroll you will be on your way to unlocking the natural powers you have within! You can enroll on the phone from anyplace in the world. If you are looking at this website maybe God wants you to finally get some help.**

The average person uses about 10% of their mind according to university studies. Everyone has natural talents and abilities that they are not using to their fullest extent. This program has proven to help thousands of people. Now, it's your turn to get some help. There are many paths to life, and this program will help you get on the right path. Answer the questions truthfully. If you find any questions too offensive or personal, just over look them. However, the more detailed information that you provide, the easier it will be for us to help you. Your evaluation is confidential, and this is your chance to get things off your mind that have been bothering you which could cause you to have all the problems listed above and many more not listed.

Allow up to two weeks to analyze and pinpoint the areas that you need help in. We will select from over 1,800 pre-recorded sessions after we have read your evaluation. We then put together your custom program in a carrying case. You will receive approximately 10 hours of recordings. If you live in Arizona you can pick them up personally. If you live out of state we will mail them to you. Our life style analysis is based on Biblical teachings in helping you break the chain reaction of recycling past family problems and bad experiences. This will help people of any religion. On the VIP program, Sam will work with you up to a half a day for an additional charge. Sam puts his heart into the pre-recorded sessions and wants them to work for you long after he retires besides working with Sam personally is rarely ever needed. In case personal attention is needed he is training his help and doctors to carry on the tradition, and they will also continue to use his proven pre-recorded sessions. This program may just be what you've been praying for.

More nurses have taken Sam's program than any other occupation. They know what works!

Dr. Norris a psychiatrist said he learned more in Sam's program than all of his medical training and 35 years in practice. See a doctor when losing weight, coming off medication or going through any self improvement program. Get one that believes in God. *Give us a time of day you are usually home & your phone number,*
